The following vacancies were filled by election: Precinct 1, Frederick G. Birmingham; Precinct 3, Mrs. Estelle Bragdon; Precinct 5, Virgil Johnson.

The following were appointed to draw Resolutions to be presented at the next session on the passing of John T. O'Brien, Joseph VonFlatern, Paul L. Lally, Elmer C. Hollis and Timothy Hannigan: Selectmen—Anthony E. Allegrezza, Marco A. Balzarini and John P. Pyne.

The Town Clerk read a proclamation proclaiming Girl Scout week.

Article 1. To hear and act upon the reports of all Town Officers and Committees of said Town.

Voted: That the reports of all Town Officers and Committees of said town and the Town Report be accepted.

Report of the Committee on Rules Governing the Annual Town Meeting

Mr. Moderator:

I wish to report for the committee on Rules Governing the Annual Town Meetings. This Committee was originated under Article 12 of the March 1960 annual meeting and its life was extended for another year by general vote at the March 1961 annual meeting.

The members of the committee are: Rico Ferrucci, John Usher, Francis Bodio, Joseph Nealon and John Glennon.

In 1961 as in 1960 our main objective was to study the existing rules and suggest changes which will aid the meeting members to efficiently discuss and vote on the articles presented.

Our recommendations resulting from the meetings we have held since last March will be lesser in scope and volume than those presented by this committee at the last annual town meeting.

The committee will not introduce any specific rules or rule changes at this meeting but we will make the following recommendations which the committee at present recommends by unanimous vote.

Recommendation No. 1. That the town meeting members vote to instruct the town counsel to take the necessary steps to have the State Legislature amend Section 3 of the "ACT ESTABLISHING REPRESENTATIVE TOWN MEETINGS" by changing that part which reads "A majority of the town meeting members shall constitute a quorum" to read that "One hundred town meeting members shall constitute a quorum."

Recommendation No. 2. That the committee to study and prepare rules and procedure by which the town meeting shall be governed, be extended for one year and report at the next annual town meeting.

I move that this report be received as read.

Respectfully submitted for the committee,

JOHN T. GLENNON, *Chairman*

It was moved and seconded to lay the report on the table.

Report of Police Station Planning Committee

Mr. Moderator:

The following is the final report of the Police Station Planning Committee:

This committee was established by a vote of the town meeting at a special meeting in 1957. It was voted that this committee obtain plans for final bids for the construction of a new Police Station. Through the federal agency, the Communities Facilities division of the Housing and Home Finance Agency, plans were prepared to the specifications of the State of Massachusetts and the federal government regulations. The firm of Wendell Phillips Associates of Milford completed the plans and turned them over to this committee. The cost of the plans was \$5100. This expense will have to be paid back to the federal government once the construction begins and in the event that nothing is to be done then the town will have to pay back this amount to the federal government.

The plans and exterior view of this proposed building is here in this hall on exhibition to town meeting members. Mr. Phillips, the architect for these plans, will answer any questions on the plans when they are considered at a later discussion of articles directly affecting this set of plans.

Your committee feels that due to the unusual amount of work involved that additional members should be appointed to the existing committee in order to better expedite the wishes of the town meeting members.

JOHN C. LYNCH, JR., *Chairman*

Voted: To receive the report as read.

Report of Blackstone Valley Vocational School Planning Committee

At the annual town meeting held in Milford, Mass., in 1961 it was voted to establish a committee to study and to investigate plans that concern the establishment of a new vocational school to be located somewhere in the general area of the Blackstone Valley towns. This report is one of the progress of that committee which has met with representatives of eleven other towns interested in the establishment of a vocational school. Acting Chairman John C. Lynch, Jr., and James E. Kellett represented Milford on general committee work. Superintendent of Schools David I. Davoren acted in an advisory capacity to the members of the committee.

In view of the extreme amount of training in the indoctrination of all phases of the general planning, it is suggested that the town

meeting reappoint the same committee members to follow through with the extensive training in this matter to date.

Finally, there is a great deal of real interest in the establishment of this sorely needed vocational school in all of the twelve towns represented at these meetings. A number of speakers have already given their views on this project. Mr. John Hodgen of the Massachusetts School Building Assistance Commission gave a detailed outline of the necessary steps to conform to all legal requirements set forth by the State. Milford will benefit greatly from future developments under study with this general committee work.

JAMES H. KELLETT, *Acting Secretary*
JOHN C. LYNCH, JR., *Acting Chairman*

Annual Report of the Board of Selectmen

Your Board of Selectmen feels that our Town of Milford has much to offer its citizens and any future citizens who might wish to locate here. Our progress has been continual and steady. We provide services superior to most towns and certainly equal to most others. We have good roads that are maintained winter and summer. (New road construction will begin this Spring). Our street lighting is second to none. We have an excellent water supply and also a supplementary source that can be tapped if needed. Our sewerage plant has been recently completed and new extensions are constantly being added. Power is more than ample and our schools compare scholastically with any in the country. We have been able to provide and maintain these services and facilities at a cost that is not prohibitive to either homeowner or industry.

Of course, we have problems and need for improvement. As Selectmen we are aware that we have school problems, a library problem, a police station problem, town hall space and improvements are necessary, new sewer trunk lines must eventually be built, but we do not feel that all these things must be built overnight. Progress is not measured by the number of new buildings we erect. Progress is the result of careful planning, the ability to provide services without burdening the individual who must pay the costs. A town is a good town when its citizens can live without fear of want, secure in the knowledge that homes they have built will shelter them and their children for as long as they want to live in them. What good are services if we cannot afford to pay for them? Our growth must be slow and steady! We must build on a priority basis!

We have been told that we need new library facilities and a plan has been presented to the townspeople. A new police station and courthouse has been proposed. A study group is in the process of investigating our school problem.

Your Board of Selectmen agree that these are worthwhile projects, but we do not agree with the plans proposed.

1. We are suggesting that an addition attached to the present library is not progress. Our reasons are the same as were stated previously. We feel that our dollars can be put to better use by building a new library. This to be a one story structure erected on the site of the abandoned Park School. This is town-owned property which provides plenty of space and is in an excellent location. Parking facilities are already there and the building would be in close proximity to schools. This location would also eliminate the danger

to pedestrian traffic. The cost of a new library would not exceed greatly the cost of the proposed new addition, would give us a building to be proud of and still maintain a famous landmark in the present Memorial Hall.

2. When the new library has been constructed, we propose that the basement and the first floor (present library) be remodelled into a new police station. This can be accomplished for approximately one-fourth of the cost of the proposal that has been presented to the town. The police station would be more centrally located than previously, would have more than adequate floor space and would not alter the exterior appearance of Memorial Hall. We further suggest that space can also be provided for the Board of Health at this location. This would eliminate the need of paying rent for this department and bring the Board of Health closer to the schools and the school children that use its services. The police station and new quarters for the Board of Health can be provided for little more than the price we are being asked to pay for land takings as outlined at the last town meeting (\$30,000.00 was the amount quoted for land takings). This constitutes a wasted expenditure for which we would get nothing except land for which we have no use.

3. The second floor of this building can be remodelled and converted into a new courtroom and offices serving the court. The overall space available on the second floor is more than is presently used by the court at Town Hall. The central location and adjacent parking space is such that this building would be readily accessible to the general public.

We are informed that a one-story library building containing 7500 square feet of space can be erected for \$157,500.00—roughly \$21.00 per square foot. With expected Federal participation of about 50 percent the town's cost for the building would be \$78,750.00. With new furnishings added, amortized over a twenty year period, the total impact on the tax rate would be less than \$1.00 per year.

We have also given some time to the costs for renovating and remodeling Memorial Hall to serve as a police station and courthouse. We estimate the total cost for this project to be approximately \$50,000.00. We propose that it be financed in the following manner:

1. That at the next Annual Town Meeting \$19,000.00 be appropriated to the Stabilization Fund—making a total in that fund—\$38,000.00.

2. That at the Annual Town Meeting of 1964 the Stabilization Fund of \$38,000.00 and an additional \$12,000.00 be appropriated for the purpose of converting Memorial Hall for use as a police station,

courthouse and facilities for the Board of Health. This would mean that this phase of the project could be completed on a cash basis without any serious impact on the tax rate.

3. Once the police station and the courthouse are out of the Town Hall, plans can then be drawn for the hall's renovation. With the added space available and the utilization of Dewey Hall, larger quarters can be built for the present offices and new offices provided for the many town agencies presently renting elsewhere.

4. Your Board of Selectmen feels certain that the Harvard Survey Group studying our schools will have to recommend new school construction. How large and extensive this construction will be we have no way of knowing. Also we will be asked to appropriate a sum of money as our share for the construction of a regional vocational school. This school will provide youngsters the opportunity of training for technical positions for which there is a great need. We cannot defer the education and the welfare of the future men and women upon which our community must depend for the means of its support and the leadership that is always a necessity.

We have a good town. We are making progress. We shall continue to make progress. We must remain economically sound if we are to attract substantial business and industry to Milford. People will want to build and settle here once they are assured that Milford is the town they want to live in, to raise and educate their families in, because a sense of responsibility prevails here. Your Board of Selectmen will be ever mindful of the needs and the desires of this community. With your continued help and cooperation, Milford will prosper and grow.

THE BOARD OF SELECTMEN

Town Counsel's Report

During the year seven claims for personal injuries or property damage were settled without court action having been commenced against the Town.

The suit which I commenced in the Superior Court in Worcester at the direction of the Welfare Board resulted in a finding in favor of the Town for \$8,688.66.

There are five suits pending against the Town in the Superior Court in Worcester; one suit pending against a town employee of the Highway Department in the Superior Court at Cambridge; one case against the Town is pending in the District Court at Westboro and the cases brought by the employees of the Welfare Department for wages allegedly due them for the year 1961 awaits a trial date in the local district court.

The Archer Rubber Company land damage case is on the present jury trial list in Worcester and will be tried shortly.

There are six other claims for personal injuries on property damage filed against the Town.

There are six petitions for abatement of real estate taxes on Main Street properties still pending in the Appellate Tax Board.

During the course of the year I have had many conferences with officials serving the Town, and I have given advice and opinions when those have been requested of me.

I respectfully submit an itemized list of expenditures from the damage to Persons and Property Account:

Report of the Park Commissioners

January 7, 1963

We hereby submit our annual report for 1962 with financial report appended.

At Town Park the diseased and dead trees were removed and we replaced as many as our budget would allow. We hope to continue this program in 1963. The Park benches were replaced but vandalism in this park has been hard on benches and trees. New wooden and metal benches were put in at Calzone Park and Bancroft Park at the request of interested citizens. More will be added this year.

The new playground on the former South Grammar School area was opened this year. The chain link fence was repaired and painted and the whole area in the rear was graded, hot-topped and new playground equipment was installed, along with a new drinking fountain. This playground is especially good for little children as it is completely fenced in.

It is hoped that this year we can install a chain link fence around Tomaso Field at Hayward Street to protect the children and also the homeowners around this area as the children play ball here and it would be a double protection.

The Playgrounds had a successful season this year under the able direction of Mr. Robert Pagnini, Supervisor and his assistant, Anthony Williams. The various playgrounds are Tomaso, South Grammar, Prospect Heights, Housing Project, Town Park and the Plains. In addition to Arts and Crafts being taught, inter-park baseball was held. The children enjoyed a trip to Roger Williams Park and their annual trip to the Red Sox game was rained out.

We would also like at this time to extend our sincere thanks to all those who assisted this department during the year.

Respectfully submitted,

NAZZARINO BACI, *Chairman*

Board of Sewer Commissioners

Report of Police Department

January 9, 1963

The Honorable Board of Selectmen
 Town Hall,
 Milford, Massachusetts

Gentlemen:

It is my pleasure to submit the following report of arrests and other duties performed by the Milford Police Department during 1962.

Sergeant John J. McGrath, Director of the Auxiliary Police, has continued the fine progress with this unit for the year 1962. They are a most essential unit in an emergency, for without their assistance the Department would be sorely taxed.

Facilities in the Department are so small that we are unable to carry out our duties in a modern manner. The law states that we should have adequate and private facilities for Juveniles; that we do not possess and do not have the room to provide. We have no room for lockers, inspections, roll call, nor for the storage of records that are so important to every citizen of our Town. Particularly do we lack the facilities for complete and private interrogation of suspects.

The Town voted to proceed with plans for a Police Station. The Police Station Building Committee has proceeded and plans have been secured with aid of the Federal Government and the Committee will have articles in the Town Warrant to proceed with construction. I sincerely hope that they will meet the approval of the Town Meeting.

Also I recommend that the pay scales be raised to compare more favorably with those in other Cities and Towns.

The problem of our school children going to and from School, with the cooperation of the Board of Selectmen and Superintendent of Schools, has been solved on a temporary basis. I would recommend at this time that steps be taken to solve it on a permanent basis so that Police Officers could be released from crossing duty to be available for other important duties.

I would like to point out that the business of your Police Department has increased in most all items about 30% over 1961 without any substantial increase in the budget.

I take this opportunity to thank the Honorable Board of Selectmen and all other Town Departments for their cooperation over the past year.

Report of the Milford Planning Board

To the Honorable Board of Selectmen and
Citizens of the Town of Milford:

The Planning Board held regularly bi-monthly meetings during the year, at its offices at 126 Main Street, with the exception of June, July and August when only one meeting was held each month.

Several subdivisions were submitted to your Board. The following were approved: A subdivision of land owned by Sabino Farese off Highland Street, approximately 50 lots; of land owned by Bedrosian & Cassanta for 160 lots; of land owned by Victor DiDonato off DeLuca Road for 17 lots; of land owned by Salvatore Gentilotti for 32 lots; of land owned by Anthony DeLuca for 26 lots; and at present there are two other subdivisions in process totaling approximately 120 lots.

Several zoning complaints were registered with this Board; hearings were scheduled and discussions rendered to the mutual satisfaction of all concerned.

This Board was successful in having new amendments to the present subdivision control law passed by a 4 to 1 vote. Those in favor of these amendments were: Dominic Blasio, Vincent Mancini, Henry Aquafresca and Vincent Iadarola; those opposed: Anthony DeLuca. The adoption of these new amendments will undoubtedly save the Town of Milford several thousand dollars in the future, and also add to the attractiveness of new subdivisions.

This Board is presently working on having the Town of Milford Area Zoned so that it may be presented at our coming Town Meeting.

Throughout the year this Board has continuously worked toward proposing the Master Plan for the Town's acceptance.

Your Planning Board has vigorously opposed a petition to the Department of Public Utilities, by the Western Union & Telegraph Co. for a variance absolving them from abiding by the zoning laws of the Town of Milford. Their purpose is to erect a Microwave Station with three towers. This Board, a 4 to 1 majority, feel that it will definitely curb future development of the area and devalue the property presently surrounding the site. This site is located on upper Highland Street which is presently zoned residential.

We wish to thank our town officials for their co-operation throughout the year.

Report of Board of Health

To the Honorable Board of Selectmen
and to the Citizens of Milford:

Dr. Nicholas J. Capece was re-elected Chairman of the Board for the twenty-first year in a row. Other members are Frank Calzone and Harris Tredeau who was re-elected as a member for three years.

Appointments made were as follows: Clerk, Agent, Sanitary Inspector, Adam F. Diorio; Nurse, Alice Fitzpatrick; Physician, Dr. Eugene E. Allen; Dentist, Dr. Joseph C. McLellan and Dr. Hugo A. Andreotti; Plumbing Inspector, Charles J. Ferrante, John F. Power and Savino N. Mele; Meat Inspector, Philip Roy; Assistant Inspector, Adam F. Diorio and Alexander Iannitelli; Burial Agent, Oscar Ayotte; person to receive and report contagious disease, Adam F. Diorio.

The rat control which has been extended to the entire town without extra cost to the taxpayer, has proved very successful. The exterminator is assisted in this program by the Agent of the Board and the results have been very gratifying.

The mosquito control program was conducted by the Tree Warden, Joseph Graziano under the supervision of the Agent of the Board. The program has been restricted due to the small appropriation voted by the town meeting members and it is hoped that an increase will be noted in the appropriation for the coming year.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL COMMITTEE AND THE CITIZENS OF THE TOWN OF MILFORD

Herewith I submit respectfully the eighty-fourth annual report of the School Department and my sixteenth as Superintendent of Schools.

General

In addition to the normal and ordinary tasks related to the functioning of the high school, all personnel participated in a program of evaluation.

This evaluation was conducted in conjunction with the New England Association of Colleges and Secondary Schools. The first phase of this program was a self-evaluation performed by the members of the faculty in accordance with standards and regulations set up by the New England Association mentioned above. This work was supervised by Mr. Tosches and Mr. Brucato, aided by Department Heads, and extended over the first ten months of the year.

In October, a Visiting Committee of seventeen educators examined our high school during a three-day stay here, and rendered a preliminary report at the conclusion of the observation period.

Just recently, a detailed written and final report was received from the Visiting Committee. This report consisted of commendations and recommendations of the Committee, based on observations on every phase of activity connected with the conduct of our high school program, including plant facilities.

At this time, the report is being duplicated with an aim to distribution for study and indicated action by the various individual teachers concerned under the guidance and direction of Mr. Tosches, Mr. Brucato and Department Heads.

I am pleased to report publicly that each and every person on the entire staff of our high school cooperated fully and gave without measure throughout the entire year in the matter of this Evaluation Study. I thank them sincerely for their cooperation, and I solicit continued effort and assistance in the implementation of the recommendations of the Evaluation Committee wherever feasible and possible.

Harvard Study

Immediately upon termination of the Evaluation Study, another study was begun. I refer to the study being conducted by the Center for Field Studies of the Harvard University Graduate School of Education. This study is being made of our entire school system.

This study was recommended in last year's report, and I was pleased with the acceptance of this recommendation by the School Committee and its subsequent action, resulting in the implementation of the study.

A group of about twenty-five educators constitute the staff of the study group, which is headed by Dr. Herold C. Hunt, Eliot Professor of Education at the Graduate School of Education of Harvard University.

The purpose of the study is to evaluate our entire public educational system in Milford, with particular emphasis on future needs in practically every conceivable phase or facet of an educational program or system in our community.

Your School Committee members, individually and as a group, are richly deserving of compliment and commendation for their vision and foresight in bringing this group of outstanding educators to our community for the purpose of studying our schools and recommending a pattern and plan for the future of education in Milford.

In my very humble opinion, this study may stimulate the most significant advance in education in the history of our schools.

I am certain the study will be comprehensive and detailed, the report to be submitted in last May or early June will be excellent as to quality, and that its impact on our schools and educational system will depend upon you and me—the citizens and people of Milford.

Program

The principal change in our offering was the suspension of pre-primary classes in June of 1962. This action was made necessary because of lack of classroom space in existing buildings. The administration was faced with the alternative of double sessions for certain elementary classes or suspension of pre-primary, and it chose the latter.

The entire program from grades one through twelve was under study by personnel of the department throughout the year. This work is continuing and the recommendations of the Evaluation Committee are being considered by study groups at the high school level.

In particular, attention is being given to new trends in mathematics, foreign languages and science. It appears that some changes in these fields of study will be made in the near future.

Plant

The most significant change in our plant facilities was the suspension of classes in the Park School, and the closing of the building to conform with regulations of the Department of Public Safety.

This action was necessary because of unsafe conditions in the building which would have required an unjustifiable expenditure of money to eliminate and rectify.

An effort to raze the building was made by the School Committee at the annual Town Meeting held in March of 1962, but the meeting voted to pass over the article.

Other items relating to our plant facilities included the following:

Installation of new doors, fire screens and relocation of existing fire screens at both Milford High School and Stacy Jr. High School.

Installation of new flooring in eight classrooms and one corridor at Milford High School.

Installation of new furniture in the classrooms mentioned above.

Installation of new eaves, gutters and down spouts at the Spruce Street School.

Painting of upper portion of the exterior trim at the Spruce Street School.

Installation of new chain link fence around the perimeter of the Spruce Street School play yard.

Installation of sprinkler and alarm system at the Oliver Street School.

Installation of new concrete floor in basement area of Memorial School.

Construction of hot top sidewalk on boundary of Town Park and Memorial School property.

Blackstone Valley Regional Vocational School Committee

Atty. Pacifico M. DeCapua, Mr. James Kellett and Mr. John C. Lynch, members of the Blackstone Valley Regional Vocational School Committee, continued intensive study and consideration of the entire matter of constructing and operating a vocational school in the Blackstone Valley area.

These men, together with the Superintendent of Schools, attended numerous meetings of the committee during the year.

It appears that very shortly plans will be finalized, and the entire proposition will be placed before the voters of the several towns at a very early date.

Gifts

The Milford Chamber of Commerce has very generously presented to the Milford High School a Whirlpool Bath to be used by members of the athletic teams. We are very grateful to the officers and members of the Chamber of Commerce for their gracious generosity.

Class Ode

TUNE: AULD LANG SYNE

Four years have passed within these walls;
And now we bid farewell;
But mem'ries of these care-free days
Deep in our hearts will dwell.

With hearts sincere anew we start
Upon life's stormy sea;
Dear God, we pray you'll keep us all
From many sorrows free.

Chorus

Farewell, farewell, dear Milford High,
As now we realize
Our motto is to us, so true
"In Ourselves Our Future Lies."

Welfare Physician's Report

Board of Public Welfare
Town Hall
Milford, Mass.

Gentlemen:

I respectfully wish to submit the following report on my activities as Town Physician for the period from January through December 1962.

During this past year, I have treated patients on General Welfare in the various rest homes in town, in their homes and in my office.

Throughout the past year, I made an average of six calls weekly to the Milford Medical Home which during 1962 was filled to capacity. The Medical Home continues to fulfill an urgent need for the elderly of our community who require nursing home care.

In this connection, I am very pleased to report that through the co-operation of the entire staff and of visiting physicians the Medical Home has been operated with a maximum of efficiency. The patients have received the best possible care. I am deeply grateful to the nursing staff and the other personnel who have done their work with enthusiasm and devotion.

I wish to commend the Board of Public Welfare for the completion of many projects during 1962 at the Milford Medical Home and Infirmary so that it now ranks with the finest in the State; in fact, an institution of which the community can be proud.

I wish, also, to express my appreciation for the pleasant relations and co-operation extended to me by Mr. James Ahearn, Mr. Emilio Pighetti, the members of the Welfare Board and to the entire personnel of the Board of Public Welfare.

Very truly yours,

(Signed)

G. S. NOSSIFF, M.D.

Respectfully submitted,

CHARLES H. RIZOLI, Chairman
WILLIAM B. DUGAN
JOSEPH C. BIANCHI, JR.

JAMES L. AHEARN, Director of Public Assistance

SUPERINTENDENT'S REPORT

Board of Public Welfare
Town Hall
Milford, Mass.

Gentlemen:

I respectfully submit the following report:

During the year 1962, the Milford Public Medical Home and Infirmary which has operated at full capacity throughout the year, has accomplished many improvements.

I wish to thank all of the people who during the year and the Christmas Season have brought joy and happiness to all the patients. I also wish to thank the Junior Chamber of Commerce who donated a second television set, the American Legion Auxiliary who donated a beautiful and comfortable upholstered chair, Mrs. Julia Von Flatern, who donated an American Flag in memory of her husband, Joseph Von Flatern, which will be displayed every day, and many other organizations who are too numerous to mention.

I would like to take this opportunity to thank my entire staff for their grand co-operation extended me throughout the year, and to extend my sincere appreciation to Mr. James L. Ahearn and his entire staff and the members of the Board of Public Welfare for their co-operation.

Very truly yours,

(Signed)

EMILIO A. PIGHETTI, Supt.
